Hannover and Lebanon

Some of the most interesting stores in the region lie in downtown Hanover, NH. Here’s a short list of some favorite shopping destinations.

Farmhouse Pottery – Book a “Clay Date” this summer, where you’ll have the rare opportunity to work alongside a master potter before crafting your own artisan souvenir.

Look for what to read next or discover rare, signed copies. You may want to take a seat during one of the many author’s readings.

Crossroad Farm Stand– This produce stand on Route 5 is open seven days a week from 9 a.m. to 6 p.m. If you are visiting from outside the area, it is a great place to purchase fresh produce before returning home.

To book a well-deserved summertime escape to New England’s Upper Valley, please give us a call today at 1-802-649-1143.

Page: Where to relocate and build?

If you are questioning moving to the upper valley because it appears to be all rural, there’s more to this area. Since the COVID pandemic hit, “rural” has become a very attractive contrast to the high population cities. If you think moving from the city to rural would be drastic, think again. There is more freedom and clean living packed into this area than you will ever find in the city. Worried about things to do? Well, why do you think so many people are escaping to New Hampshire to recreate? As noted elsewhere on our site, there are tons of outdoor stuff to do such as hiking, skiing, and water and winter sports for all ages.

If you want a vibrant, historic area to relocate, look at Hanover and Lebanon. If you are a contrarian, and see the huge potential in Claremont, where old mills are being revitalized and converted into business and residential lofts with significantly lower real estate prices, spend some time looking at this highly walkable downtown.
